The Look That You Choose

Naia Amat

The artist is representing a stenographic perspective in which the glasses that she probably uses are in a theater observing the events that happen there. This is a really good watercolor painting with excellent drawing capabilities and good composition.

This artwork received the Children's Miradas award 2026 in the category 13 to 16 years old.

watercolor on paper

Description by Jorge L. Alió

The "Miradas" competition was created by Jorge Alió, *Journal of Refractive Surgery* Editorial Board Member, and his wife, Maria Lopez, in 1998 with the intention of using artistic sensibility to bring society's attention to the phenomenon of sight, vision, and blindness. "Miradas," which means glances, is a contest in which artwork is sent from Spain and many international countries from the four continents for the Miradas International Artwork Competition every two years. Each issue of the *Journal of Refractive Surgery* features paintings that were submitted to this competition. "Children's Miradas 13 to 16 years old" is sponsored by the Official Medical College of Alicante. For more information, contact www.fundacionalio.com
